MEMORANDUM FOR: Deputy Director for Administration

FROM:
Director of Security

SUBJECT: Office of Security Significant Activities
Week of 11 June - 17 June 1986

1. This memorandum is for information only.

2. The activities of the Office of Security during the week of 11 June - 17 June 1986 were highlighted by the following items:

*b. The Office of Security and Office of Information Technology gave a presentation to line managers of the DI in the Agency's auditorium on computer security. The briefing lasted two hours and covered a wide spectrum of topics from auditing Agency systems to protection of personal computers. Additional briefings will be scheduled for the other major Directorates.

SECURITY EDUCATION STAFF WEEKLY ITEMS

11 - 17 June 1986

25X1

On 17 June Chief/SES met with the Chief Instructor for the Uniformed Division of the Secret Service at the Beltsville Academy to discuss training of uniformed officers and interests of mutual concern. This meeting was coordinated through the Secret Service liaison representative to the Agency and established liaison between the two training entities. It was profitable in opening up communication and the relationship will continue with additional meetings in the near future.

On 16 June, the Special Agents Training Course began with sixteen students. During the next four weeks these Special Agents will receive the basic instruction necessary for the conduct of investigations. Upon completion they will depart for their assigned Field Offices.

9. On 16 June 1986, two members of the Information Systems Security Division (ISSD) met with an Office of Information Technology (OIT) representative responsible for the installation and maintenance of the personal computers (PC) to be installed under the new Delta Data replacement program. The purpose of the meeting was to discuss computer security concerns and requirements for the installation, maintenance and disposition of the PC's and related peripheral equipment. The OIT representative will prepare an operations guidelines for the implementation of the PC's.

11. The Office of Security and Office of Information Technology gave a presentation to line managers of the DI in the Agency's auditorium on computer security. The briefing lasted 2 hours and covered a wide spectrum of topics from auditing Agency systems to protection of personal computers. Additional briefings will be scheduled for the other major Directorates.

12. During the report period, ISSD has installed Access Control Modules (ACM) in 15 computer systems. This effort is in support of the testbed that is in progress between the Office of Security and the rest of the Agency for protecting personal computers. ISSD has received excellent support so far from groups within the DI, DO, OIT, and OC in this test. Installations and briefings will continue through this week.
